4.1. In General. ~~If you have sufficiently verified your identity, your~~Your Digital ~~Currency~~Asset Wallet enables you to send Supported Digital ~~Currency~~Assets to, and request, receive, and store Supported Digital ~~Currency~~Assets from, third

parties by giving instructions through the Coinbase Site. We recommend customers send a small amount of Supported Digital Assets as a test before sending a significant amount of Supported Digital Assets.

4.2. Pending Transactions. Once a Digital ~~Currency~~Asset Transfer is submitted to a Digital ~~Currency~~Asset network, the transaction will be unconfirmed and remain in a pending state for a period of time sufficient to allow confirmation of the transaction by the Digital ~~Currency~~Asset network. A Digital ~~Currency~~Asset Transfer is not complete while it is in a pending state. Pending Digital ~~Currency~~Asset Transfers that are initiated from a Coinbase Account will reflect a pending transaction status and are not available to you for use on the Coinbase ~~platform~~Site or otherwise while the transaction is pending.

4.3. Inbound Digital ~~Currency~~Asset Transfers. When you or a third party sends Digital ~~Currency~~Assets to a Coinbase ~~wallet~~Wallet from an external wallet not hosted on Coinbase (“Inbound Transfers”), the person initiating the transaction is solely responsible for executing the transaction properly, which ~~may include, among other things, payment of sufficient network or miner’s fees in order for the transaction to be successful. Insufficient network fees may cause an Inbound Transfer to remain in a pending state outside of Coinbase’s control and we are not responsible for delays or loss incurred as a result of an error in the initiation of the transaction and have no obligation to assist in the remediation of such transactions.~~ includes ensuring that the Digital Asset being sent is a Supported Digital Asset that conforms to the particular wallet address to which funds are directed, including any required Destination Tag/Memo. By initiating an Inbound Transfer, you attest that you are transacting in a Supported Digital ~~Currency~~Asset ~~which~~that conforms to the particular ~~Coinbase~~ ~~wallet~~ ~~into~~address to which funds are directed. For example, ~~if:~~

- If you select an Ethereum wallet address to receive funds, you attest that you are initiating an Inbound Transfer of Ethereum alone, and not any other ~~currency~~digital asset such as Bitcoin or Ethereum Classic.
- If you select a Bitcoin wallet address to receive funds, you attest that you are initiating an Inbound Transfer of Bitcoin alone, and not any other digital asset such as Bitcoin Cash or Ethereum.

Coinbase incurs no obligation whatsoever with regard to unsupported digital ~~currency~~assets sent to a Coinbase Account or with regard to Supported Digital ~~Currency~~Asset sent to an incompatible Digital ~~Currency~~Asset wallet. ~~Erroneously~~Asset ~~wallet~~ ~~address.~~ All such erroneously ~~transmitted funds~~Digital Assets will be lost. ~~We recommend customers send a small amount of Supported Digital Currency as a test prior to initiating a send of a significant amount of Supported Digital Currency.~~ Coinbase may from time to time determine types of Digital ~~Currency~~Assets that will be supported or cease to be supported. You

acknowledge and agree that you may be required to pay network or miner's fees in order for an Inbound Transfer transaction to be successful. Insufficient network fees may cause an Inbound Transfer to remain in a pending state outside of Coinbase's control, and we are not responsible for delays or loss incurred as a result of an error in the initiation of the transaction and have no obligation to assist in the remediation of such transactions.

4.4. Outbound Digital ~~Currency~~Asset Transfers. When you send Digital ~~Currency~~Assets from your Coinbase Account to an external wallet (“**Outbound Transfers**”), such transfers are executed at your instruction by Coinbase. You should verify all transaction information prior to submitting instructions to us. Coinbase shall bear no liability or responsibility in the event you enter an incorrect blockchain destination address, incorrect Destination Tag/Memo, or if you send your Digital Assets to an incompatible wallet. We do not guarantee the identity or value received by a recipient of an Outbound Transfer. Digital ~~Currency~~Asset Transfers cannot be reversed once they have been broadcast to the relevant Digital ~~Currency~~Asset network, although they may be in a pending state, and designated accordingly, while the transaction is processed by network operators. Coinbase does not control the Digital ~~Currency~~Asset network and makes no guarantees that a Digital ~~Currency~~Asset Transfer will be confirmed by the network. We may cancel or refuse to process ~~or cancel~~ any pending Outbound Digital ~~Currency~~Asset Transfers as required by law or any court or other authority to which Coinbase is subject in any jurisdiction. Additionally, we may require you to wait some amount of time after completion of a transaction before permitting you to use further Coinbase Services and/or before permitting you to engage in transactions beyond certain volume limits.

4.5. Transfers to a Recipient Email Address. Coinbase allows you to initiate a Digital ~~Currency~~Asset Transfer to a Coinbase customer by designating that customer's email address. If you initiate a Digital ~~Currency~~Asset Transfer to an email address, and the recipient does not have an existing Coinbase Account, we will invite the recipient to open a Coinbase Account. If the recipient does not open a Coinbase Account within thirty (30) days, we will return the relevant Digital ~~Currency~~Asset to your Digital ~~Currency~~Asset Wallet.

~~**4.6. Third Party Merchants.** We have no control over, or liability for, the delivery, quality, safety, legality or any other aspect of any goods or services that you may purchase from a third party (including other users of Coinbase Digital Currency Services). We are not responsible for ensuring that a third party buyer or a seller you transact with will complete the transaction or is authorised to do so. If you experience a problem with any goods or services purchased from, or sold to, a third party using Digital Currency transferred using the Coinbase Digital Currency Services, or if you have a dispute with such third party, you should resolve the dispute directly with that third party. If you believe a third party has behaved in a fraudulent, misleading, or inappropriate manner, or if you cannot adequately resolve a dispute with a third party, you may notify Coinbase Support at <https://support.coinbase.com> so that we may consider what action to take, if any.~~

4.7.4.6. Debts. In the event that there are outstanding amounts owed to us hereunder, including in your Coinbase Account, Coinbase reserves the right to debit your Coinbase Account ~~or Coinbase Pro Account~~ accordingly and/or to withhold amounts from funds you may transfer ~~from~~between your Coinbase ~~Pro Account to your Coinbase Account~~Accounts.

~~VI. 5. Additional Services~~

5.1. ~~Generally.~~ ~~In addition to the Services above, the following services ("Additional Services") may be made available by Coinbase to users that fulfill certain eligibility criteria.~~

5.2. ~~Coinbase Pro Services.~~ ~~Coinbase Pro Services are services related to Coinbase Pro's order matching platform. If you are eligible and elect to use the Coinbase Pro Services, you must establish a Coinbase Pro account at pro.coinbase.com ("Coinbase Pro Account"). The provisions of this Section 5.1. apply to your use of such Coinbase Pro Services in addition to the other applicable provisions of this Agreement, including without limitation the releases, indemnities, disclaimers, limitations of liability, prohibited use, dispute resolution, and cancellation policies set forth above. Additionally, you also accept and agree to be bound by the Trading Rules and the Coinbase Pro Trading Fees.~~

5.2.1 ~~Coinbase Pro Account.~~ ~~You may not sell, lease, furnish or otherwise permit or provide access to your Trading Account to any other entity or to any individual that is not your employee or agent. You accept full responsibility for your employees' or agents' use of Coinbase Pro, whether such use is directly through the Coinbase Pro website or by other means, such as those facilitated through API keys, and/or applications which you may authorize. You understand and agree that you are responsible for any and all orders, trades, and other instructions entered into Coinbase Pro including identifiers, permissions, passwords, and security codes associated with your Coinbase Pro Account.~~

5.2.2 ~~Order Books.~~ ~~Coinbase Pro Services offer an order book for various Digital Currency and Fiat Currency trading pairs (each an "Order Book"). Refer to your Coinbase Pro Account to determine which Order Books are available to you.~~

5.2.3 ~~Associated Tools.~~ ~~In addition to the Wallet Services detailed in Section 2.1, your Coinbase Pro Account provides you access to associated user tools, accessible at pro.coinbase.com and through the Coinbase Pro API.~~

~~5.3. USDC Rewards.~~

~~USDC IS NOT LEGAL TENDER. USDC IS A DIGITAL CURRENCY AND COINBASE HAS NO RIGHT TO USE ANY USDC YOU HOLD ON COINBASE. COINBASE IS NOT A DEPOSITORY INSTITUTION, AND YOUR USDC WALLET IS NOT A DEPOSIT ACCOUNT. YOUR USDC WALLET IS NOT INSURED BY THE FEDERAL DEPOSIT INSURANCE CORPORATION (FDIC) OR THE SECURITIES INVESTOR PROTECTION CORPORATION (SIPC).~~

5.3.1 ~~Eligibility.~~ ~~If you are eligible, you can earn rewards for holding USDC on Coinbase.com. So long as you hold at least \$1 of USDC in your Coinbase.com account, you will automatically earn amounts of USDC as described below in the~~

~~“Calculation” section (“USDC Rewards”). If at any time you do not hold at least \$1 of USDC in your Coinbase.com account, your enrollment in USDC Rewards will be paused until such time that you do hold at least \$1 of USDC in your Coinbase.com account. During such period you will retain all USDC Rewards previously accrued but not yet distributed. Such accrued rewards will be distributed as described below in the “Calculation” section. If at any time you are deemed ineligible, your enrollment in USDC Rewards will be similarly paused. You can opt-out of, or back into, USDC Rewards at any time by following the instructions here. If you opt-out of USDC Rewards or close your Coinbase.com account, you will forfeit the rewards you have accrued (that are not yet distributed for the current calendar month) up to that time. USDC held on Coinbase Pro is not eligible for USDC Rewards.~~

~~**5.3.2 Calculation.** Rewards are earned on a daily basis in the form of USDC at the then current **USDC Rewards Rate**. Our current **USDC Rewards Rate** can be found here. Our current **USDC Rewards Annual Percentage Yield**, which includes the effect of monthly compounding, can be found here and here. Rewards earned in a particular month are airdropped into your Coinbase.com USDC wallet within 5 business days after the start of the next calendar month. USDC Rewards distributed to you are rounded down to the nearest sixth decimal place. We use the **Daily Balance Method** to determine the rewards you earn for a particular day, using your average balance of USDC on that specific day as that day’s balance. The rate used to determine rewards earned for a particular day is the then current **USDC Rewards Rate** divided by 365.~~

~~**5.3.3 Changes.** We reserve the right to change the **USDC Rewards Rate Annual Percentage Yield** at any time by notification here and here and by other reasonable means of notice (including e-mail). Unless otherwise stated in the notice, no change will be effective until the first day of the calendar month after such notice is made. We reserve the right to add, change, or delete any provision of these terms and to terminate the USDC rewards program, or your participation in the program, at any time upon notice made in the same manner.~~

~~**5.3.4 Definitions.**~~

~~“**USDC Rewards Rate**” means the annual rate of rewards earned on a USDC wallet, which does not reflect compounding. The current USDC Rewards Rate can be found here.~~

~~“**USDC Rewards Annual Percentage Yield**” or “**APY**” means the percentage rate reflecting the total amount of USDC Rewards earned, based on the then current USDC Rewards Rate and end of month compounding for a 365-day period. The current USDC Rewards Annual Percentage Yield can be found here and here.~~

~~“**Daily Balance Method**” means the application of the daily periodic rate (derived from the APY) to the calendar day average of USDC held in your USDC wallet each day.~~

~~“**Day**” means a UTC calendar day.~~

~~**5.4 Staking Services.** When you hold Digital Currencies on Coinbase you may be given the option to “stake” these assets in a third party proof of stake network via staking services provided by Coinbase or an affiliate or a third party. In a proof of~~

~~stake network, transaction validators are chosen using a formula based on the amount of underlying Digital Currency staked by the validator as opposed to computing power (i.e., proof of work). Please visit our staking information page for further details on how proof of stake works. Staking services are not available for Digital Currencies held on Coinbase Pro.~~

~~**5.4.1 Staking Service is Optional.** Staking services may be made available to you by default for Digital Currencies where staking functionality is available on Coinbase. YOU ARE NOT REQUIRED TO STAKE WITH COINBASE AND YOU CAN OPT OUT OF ANY DEFAULT COINBASE STAKING SERVICES AT ANY TIME THROUGH THE SETTINGS PAGE IN YOUR ACCOUNT. Unless otherwise specified, if you opt out of staking services, you can opt back in at any time with immediate effect.~~

~~**5.4.2 The Service; Rewards; Commission; Limitations.** (a) If you stake your assets with us, Coinbase, or one of its affiliates, will facilitate the staking of those assets on your behalf by acting as a transaction validator on the applicable network for the Digital Currency you stake. If Coinbase or an affiliate successfully validates a block of transactions in that Digital Currency, you may earn a reward granted by that Digital Currency's network. Your reward will be determined by the protocols of the applicable network. Coinbase will distribute any earned rewards to you after receipt by Coinbase, minus a 25% commission. (b) Some Digital Currency networks subject staked assets to "slashing" if the transaction validator representing those assets incorrectly validates a transaction. Coinbase will use commercially reasonable efforts to ensure that your assets will not be slashed, but in the unlikely event they are, Coinbase will promptly replace your assets at no additional cost. Some Digital Currency networks require that a certain amount of staked assets be locked (restricted from sale or transfer) for a certain period of time while staking. Coinbase may also have additional sale or withdrawal limitations for particular staked assets if you are opted in to staking.~~

~~**5.4.3 No Guarantee of Rewards.** You have no right to a reward until it is received by Coinbase. Rewards will be distributed to your account promptly after they are received by Coinbase. Unless otherwise stated, Coinbase will use commercially reasonable efforts to stake any Digital Currencies for which you are using Coinbase staking services. Unless otherwise specified, the "staking rewards rate" disclosed by Coinbase for a particular Digital Currency is an annualized historical rate based on the staking rewards generated by Coinbase in providing staking services to Coinbase customers for that Digital Currency over the last 90 days. This rate is an estimate and changes over time. COINBASE DOES NOT GUARANTEE THAT YOU WILL RECEIVE STAKING REWARDS, ANY SPECIFIC STAKING REWARD, OR ANY STAKING RETURN OVER TIME, INCLUDING THE STAKING REWARDS RATES.~~

~~**5.4.4 Tax Treatment.** The tax treatment of certain Digital Currency transactions is uncertain, and it is your responsibility to determine what taxes, if any, arise from these transactions. Users are solely responsible for reporting and paying any applicable taxes arising from staking through Coinbase staking services and all~~

~~related transactions (e.g., any exchange or sale of your staked ETH), and acknowledge that Coinbase does not provide investment, legal, or tax advice to you in connection with such election to participate. You should conduct your own due diligence and consult your advisers before making any investment decision including whether to participate in staking and related transactions.~~

~~**5.4.5 Ethereum Staking.** Supplemental to the terms outlined above, the following terms apply to staking your ETH through the Coinbase staking services. In the event of a conflict between the terms contained in this section and anything else in this Agreement, the terms in this section will govern:~~

~~**(a) Eligibility.** Users who wish to stake ETH through Coinbase must meet certain requirements, as set forth here. These requirements are subject to change.~~

~~**(b) Lockup Period.** If you choose to stake your ETH, your ETH will be pledged for staking and will become locked on the Ethereum protocol until Phase 1.5 of the Ethereum network upgrade is completed. Coinbase has no control over the duration of or end date for the lockup period, which will ultimately be determined by the success of the update to the Ethereum network. Unlike other staking services provided through Coinbase, you will be unable to “Opt Out” of ETH staking once you’ve staked your assets. Coinbase will not refund or replace any ETH you wish to unstake. Unless otherwise stated on the Coinbase interface, you will not be able to trade, transfer or otherwise access your staked ETH during the lockup period.~~

~~**(c) No Guarantee of Success of Network Upgrade.** Coinbase makes no guarantees that the upgrade to the Ethereum network will be successful, and you understand that if the network upgrade ultimately fails, you may lose all, or a portion of, your staked ETH. Coinbase will not be responsible for any ETH lost due to a network upgrade failure.~~

~~**(d) Ethereum Staking Rewards.** Any rewards earned while staking your ETH through Coinbase will, unless otherwise stated, remain locked onchain until Phase 1.5 of the Ethereum network upgrade is completed. ETH staking rewards reflected in your account prior to the completion of Phase 1.5 of the Ethereum network upgrade are an estimate based on a combination of reward rates and the period of time for which you’ve staked your ETH (minus any Coinbase fees). Rewards will be reflected in your account, but may not be actually credited until the end of the lockup period. Unless otherwise stated, you will not be able to trade, transfer, or otherwise access your ETH staking rewards during the lockup period.~~

~~**(e) Slashing Penalties.** Staking ETH means your staked assets can be subject to “slashing” by the Ethereum network if the transaction validator representing those assets incorrectly validates a transaction. Coinbase will use commercially reasonable efforts to protect against slashing incidents; however, in the event of slashing, Coinbase will replace your assets so long as such penalties are not a result of: i) protocol-level failures caused by bugs, maintenance, upgrades, or general failure; ii) your acts or omissions; iii) acts or omissions of any third party service provider; iv) a force majeure event as defined in Section 9.11 of the User Agreement; v) acts by a hacker or other malicious actor; or vi) any other events outside of Coinbase’s reasonable control.~~

~~(f) **Liquidity.** Coinbase may offer you the ability to exchange or sell your staked ETH prior to the completion of Phase 1.5 of the Ethereum network upgrade. Coinbase does not guarantee that the offering of any such option will result in a successful exchange or sale, and Coinbase will not backstop or otherwise intervene to guarantee liquidity. In the event that you take advantage of any offered ability to exchange or sell your staked ETH, Coinbase does not guarantee the value of your ETH principal or related rewards. Accessing your locked ETH may result in a loss of any rewards accrued until that point. Coinbase is not responsible for any decrease in the value of your staked ETH principal or any rewards associated with allowing you the ability to exchange or sell your staked ETH.~~

~~**5.5 Advanced Trading.** Coinbase offers and you may access an order book for various Digital Currency and Fiat Currency trading pairs (each an “**Order Book**”) on the Coinbase Site (“**Advanced Trading**”). See your Coinbase Account to see what Order Books are available within Advanced Trading. Coinbase does not offer Advanced Trading to customers in all jurisdictions. By accessing Advanced Trading or the Coinbase API for Advanced Trading, you accept and agree to be bound by the Trading Rules.~~

~~**5.6 Direct Deposit.** If you are eligible for our Direct Deposit feature (“Direct Deposit”), and we have verified your required identifying information, you may arrange to have all or part of your paycheck or any eligible federal or state government benefit or payment (e.g., federal or state tax refunds or Social Security payments) transferred into your Coinbase Account by your employer or government payer, as applicable. You may select whether you want such funds to be transferred into your Coinbase Account as U.S. Dollars or a Digital Currency available for Direct Deposit. Not all Digital Currencies may be available for Direct Deposit.~~

~~**5.6.1 Direct Deposit Enrollment.** You can enroll by using our automated feature which links directly to your payroll provider or you can provide your employer, payroll provider or the government payer with the account and routing numbers we provide to you. We will also provide you with a direct deposit form that you may give to your employer by way of PDF file that can be saved or emailed to your personal email address or your human resources or payroll department. The account and routing numbers we provide to you do not represent a bank account on your behalf. Upon enrollment, you must select the amount of your paycheck you would like deposited to your Coinbase Account and select the currency you would like the amount deposited or converted to. We do not charge any fees to set up or maintain Direct Deposit and we will waive the Coinbase trading fee but will include a spread to exchange your Direct Deposit funds to a Digital Currency (see pricing and fee disclosures for more information). You are responsible for any fees associated with subsequent conversion or transfer of Digital Currencies.~~

~~**5.6.2 Coinbase Card.** In order to utilize Direct Deposit, you must have a Coinbase Visa Card (“Coinbase Card”). The Coinbase Card is governed by the Cardholder Agreement with MetaBank National Association (“MetaBank”) and this User Agreement (see Appendix 5 for Coinbase Card User Terms which details how to use the card and the fees that apply for USD and Digital Currency transactions). If you~~

~~do not already have a Coinbase Card, as part of the Direct Deposit application and enrollment process, you will automatically be considered for, and if approved, granted a Coinbase Card at no cost to you. The Coinbase Card is a debit card linked to your Digital Currency Wallet and USD Wallet.~~

~~**5.6.3 Transfer Limits.** You may not deposit more than \$25,000 per day using Direct Deposit. We reserve the right to accept, reject or limit transfers via Direct Deposit in our and MetaBank's sole discretion.~~

~~**5.6.4 Funds Availability and Conversion.** Funds added to your account via Direct Deposit are transferred to and held by MetaBank. The availability of your Direct Deposit funds is subject to the timing of your payer's funding processes. Funds transferred via Direct Deposit will typically be available 3-5 business days (excluding Federal holidays) from the day your payer initiated the deposit. Because we do not receive funds via Direct Deposit instantly, there will be some delay between the payment being initiated by the payer and the payment arriving in your Coinbase Account. There may also be a delay depending on the third party payroll provider.~~

~~If you elect to receive your Direct Deposit funds in the form of a Digital Currency, then upon confirmation from MetaBank that your funds have arrived, we will convert your funds from USD to your selected Digital Currency at the Exchange Rate at the time of such conversion and deposit into your Coinbase Account. You understand that your acquired Digital Currencies are exposed to exchange rate risk such that your Digital Currency holdings may either appreciate or depreciate in value relative to USD.~~

~~**5.6.5 Cancellation of Direct Deposit.** If you wish to cancel Direct Deposits, change your deposit allocation to 0% within your Coinbase Account management settings.~~

~~**5.6.6 Transaction History.** You may review your transaction history on the Coinbase Site to verify that each Direct Deposit has been received.~~

~~**5.6.7 Personal Information.** If you enroll in Direct Deposit, you will be required to provide certain personal information. You agree that we may share personal information you previously provided to us under our Privacy Policy to verify your identity or address, with MetaBank National Association ("MetaBank"), and with service providers acting on our behalf or on MetaBank's behalf solely to verify your identity or address, and/or to manage risk as required under applicable law. Personal information shared with MetaBank will be treated in accordance with its Privacy Policy. Personal information that you direct us to share with a third party for purposes of obtaining certain functionality in Direct Deposit will be treated in accordance with the third party's privacy policy, and Coinbase is not liable for any damages, losses, or liability associated with the third party's services or use, transfer, or storage of your personal information. If you do not provide this information, or if MetaBank is unable to verify your identity or address with the information provided by Coinbase, you may not be enrolled in Direct Deposit.~~

~~5.6.8. Breach of User Agreement.~~ We reserve the right to refuse to facilitate the processing of your application through MetaBank or terminate your access to Direct Deposit for any reason.

~~5.6.9. Representations and Warranties.~~ In order to assist in the prevention of fraud you represent and warrant the following in connection with your Direct Deposit:

- ~~• In connection with tax refunds (i) the name and Social Security Number associated with each refund payment will match the name and Social Security Number associated with your Coinbase Account; and (ii) in the case of joint tax returns, the name of the first person listed in the tax return and their Social Security Number associated with the refund payment will be the name and Social Security Number of the Coinbase Account holder.~~
- ~~• In connection with other federal payments, the name and Social Security Number associated with each payment will match the name or Social Security Number associated with your Coinbase Account.~~

V. ~~VII. 65.~~ Data Protection and Security

6.15.1. Personal Data. You acknowledge that we may process personal data in relation to you (if you are an individual), and personal data that you have provided or in the future provide to us in relation to your employees and other associated ~~or other~~ individuals, in connection with this Agreement, or the Coinbase Services. Accordingly, you represent and warrant that: (i) your disclosure to us of any personal data relating to individuals other than yourself was or will be made in accordance with all applicable data protection and data privacy laws, and ~~those~~such data are accurate, up to date and relevant when disclosed; (ii) before providing any such personal data to us, you have read and understood our ~~Privacy Policy, which is available here,~~ Privacy Policy, and, in the case of personal data relating to an individual other than yourself, have (or will at the time of disclosure have) provided a copy of that Privacy Policy (as amended from time to time), to that individual; and (iii) if from time to time we provide you with a replacement version of the Privacy Policy, you will promptly read that notice and provide a copy to any individual whose personal data you have provided to us.

6.25.2. Security Breach. If you suspect that your Coinbase Account or any of your security details have been compromised, ~~or~~ if you become aware of any fraud or attempted fraud or any other security incident (including a cyber-security attack) affecting you and/or Coinbase (~~together~~collectively a "Security Breach"), you must notify Coinbase Support ~~as soon as possible by email free of charge at <https://support.coinbase.com> or by calling us at +1 (888) 908-7930 and continue to immediately at <https://help.coinbase.com> or (888) 908-7930 and~~ provide accurate and up to date information throughout the duration of the Security Breach. You must take any steps that we reasonably require to reduce, or manage ~~or report~~ any Security Breach. ~~Failure to provide prompt notification of any Security Breach may be taken into account in our determination of the appropriate resolution of the matter.~~ Prompt reporting of a Security Breach does not guarantee that Coinbase

will reimburse you for any losses suffered or be liable to you for any losses suffered as a result of the Security Breach.

5.3. Computer Viruses. We shall not bear any liability, whatsoever, for any damage or interruptions caused by any computer viruses or other malicious code that may affect your computer or other equipment, or any phishing, spoofing or other attack. We advise the regular use of a reputable and readily available virus screening and prevention software. You should also be aware that SMS and email services are vulnerable to spoofing and phishing attacks and should use care in reviewing messages purporting to originate from Coinbase. Always log into your Coinbase Account(s) through the Coinbase Site to review any transactions or required actions if you have any uncertainty regarding the authenticity of any communication or notice.

You are fully responsible for all acts or omissions of any third party with access to your Coinbase Account(s). Further, you acknowledge and agree that you will not hold Coinbase responsible for, and will

indemnify Coinbase from, any liability arising out of or related to any act or omission of any third party with access to your Coinbase Account(s). You will then be eligible to earn that Preferred Digital Asset in return for Card Transactions ("**Reward**") except for cash withdrawals. Portal from time to time. This amount will be deposited into your Digital ~~Currency~~Asset Wallet in your Preferred Digital Asset. Earned and redeemed Rewards will be reflected in your Card Transaction log. ~~Your participation in the Rewards Program may result in you receiving miscellaneous income from Coinbase for tax purposes and we may be required to send you, and file with the IRS, tax forms for the year in which you participate and are awarded the benefits of the Rewards Program. In addition, we reserve the right to immediately disqualify you from the Rewards Program if you have violated these Coinbase Card Terms or if you have, in our determination, misused the Rewards Program.

1.17. Right to Debit, Access, or Offset Other Coinbase Services. During such period you will retain all USDC Rewards previously accrued but not yet distributed. Such accrued rewards will be distributed as described below in the "Calculation" section. If at any time you are deemed ineligible, your enrollment in USDC Rewards will be similarly paused. You can opt-out of, or back into, USDC Rewards at any time by following the instructions here. If you opt-out of USDC Rewards or close your Coinbase Account, you will forfeit the rewards you have accrued (that are not yet distributed for the current calendar month) up to that time. USDC held on Coinbase Pro is not eligible for USDC Rewards.

1.2. Calculation. Rewards are earned on a daily basis in the form of USDC at the then current **USDC Rewards Rate**. Our current **USDC Rewards Rate** can be found [here](#). Our current **USDC Rewards Annual Percentage Yield**, which includes the effect of monthly compounding, can be found [here](#) and [here](#). Rewards earned in a particular month are airdropped into your Coinbase USDC wallet within five (5) business days after the start of the next calendar month. USDC Rewards distributed to you are rounded-down to the nearest sixth decimal place. We use the **Daily Balance Method** to determine the rewards you earn for a particular day, using your average balance of USDC on that specific day as that day's balance. The rate used to determine rewards earned for a particular day is the then current **USDC Rewards Rate** divided by 365.

1.3. Changes. We reserve the right to change the **USDC Rewards Rate Annual Percentage Yield** at any time by notification [here](#) and [here](#) and by other reasonable means of notice (including e-mail). Unless otherwise stated in the notice, no change will be effective until the first day of the calendar month after such notice is made. We reserve the right to add, change, or delete any provision of these terms and to terminate the USDC rewards program, or your participation in the program, at any time upon notice made in the same manner.

1.4. Definitions.

"USDC Rewards Rate" means the annual rate of rewards earned on a USDC wallet, which does not reflect compounding. The current USDC Rewards Rate can be found [here](#).

“USDC Rewards Annual Percentage Yield” or “APY” means the percentage rate reflecting the total amount of USDC Rewards earned, based on the then current USDC Rewards Rate and end of month compounding for a 365-day period. The current USDC Rewards Annual Percentage Yield can be found [here](#) and [here](#). “Daily Balance Method” means the application of the daily periodic rate (derived from the APY) to the calendar day average of USDC held in your USDC wallet each day.

XVI. 3. Staking Services

When you hold Digital Assets on Coinbase you may be given the option to “stake” these assets in a third party proof of stake network via staking services provided by Coinbase or an affiliate or a third party. Please visit our staking information page for further details on how proof of stake works. Staking services are not available for Digital Assets held on Coinbase Pro.

1.1. Staking Service is Optional. Staking services may be made available to you by default for Digital Assets where staking functionality is available on Coinbase. IN THE EVENT YOU ARE OPTED IN, YOU ARE NOT REQUIRED TO CONTINUE TO STAKE WITH COINBASE AND YOU CAN OPT-OUT OF ANY DEFAULT COINBASE STAKING SERVICES AT ANY TIME THROUGH THE SETTINGS PAGE IN YOUR ACCOUNT. Unless otherwise specified, if you opt-out of staking services, you can opt back in at any time with immediate effect.

1.2. The Service; Rewards; Commission; Limitations. If you stake your assets with us, Coinbase, or one of its affiliates, will facilitate the staking of those assets on your behalf by acting as a transaction validator on the applicable network for the Digital Asset you stake. If Coinbase or an affiliate successfully validates a block of transactions in that Digital Asset, you may earn a reward granted by that Digital Asset’s network. Your reward will be determined by the protocols of the applicable network. Coinbase will distribute any earned rewards to you after receipt by Coinbase, minus a 25% commission. Some Digital Asset networks subject staked assets to “slashing” if the transaction validator representing those assets incorrectly validates a transaction. Coinbase will use commercially reasonable efforts to prevent any staked assets from slashing; however, in the event they are, unless otherwise provided in this Agreement, Coinbase will promptly replace your assets at no additional cost. Some Digital Asset networks require that a certain amount of staked assets be locked (restricted from sale or transfer) for a certain period of time while staking. Coinbase may also have additional sale or withdrawal limitations for particular staked assets if you are opted-in to staking.

1.3. No Guarantee of Rewards. You have no right to a reward until it is received by Coinbase. Rewards will be distributed to your account promptly after they are received by Coinbase. Unless otherwise specified, the “staking rewards rate” disclosed by Coinbase for a particular Digital Asset is an annualized historical rate based on the staking rewards generated by Coinbase in providing staking services to Coinbase customers for that Digital Asset over the last ninety (90) days. This rate is an estimate and may change over time. COINBASE DOES NOT

GUARANTEE THAT YOU WILL RECEIVE ANY STAKING REWARDS, INCLUDING THE STAKING REWARDS RATES.

1.4. Governance and Voting. For certain Digital Assets, the underlying protocols offer stakers the ability to vote on matters related to the governance of protocol-level issues. Coinbase may or may not support voting for such assets, and may cease supporting voting at any time in its discretion. Coinbase will comply with your instruction to vote your Digital Assets to the extent Coinbase or its affiliate supports voting for such Digital Assets. In certain cases, Coinbase may vote on your behalf where Coinbase or the applicable protocol does not support delegated voting; in those instances, Coinbase will vote with the protocol's recommendation.

1.5. Ethereum Staking. In addition to the terms outlined above, the following terms apply to staking your ETH through the Coinbase staking services. In the event of a conflict between the terms contained in this section and anything else in this Agreement, the terms in this section will govern:

(i) Eligibility. Users who wish to stake ETH through Coinbase must meet certain requirements, as set forth here. These requirements are subject to change.

(ii) Lockup Period. If you choose to stake your ETH, your ETH will be pledged for staking and will become locked on the Ethereum protocol until Phase 1.5 of the Ethereum network upgrade is completed. Coinbase has no control over the duration of or end date for the lockup period, which will ultimately be determined by the success of the update to the Ethereum network. Unlike other staking services provided through Coinbase, you will be unable to opt out of ETH staking once you've staked your ETH. Coinbase will not refund or replace any ETH you wish to unstake. You will not be able to trade, transfer or otherwise access your staked ETH or ETH staking rewards during the lockup period.

(iii) No Guarantee of Success of Network Upgrade. Coinbase makes no guarantees that the upgrade to the Ethereum network will be successful, and you understand that if the network upgrade ultimately fails, you may lose all, or a portion of, your staked ETH. Coinbase will not be responsible for any ETH lost due to a network upgrade failure.

(iv) Ethereum Staking Rewards. Any rewards earned while staking your ETH through Coinbase will, unless otherwise stated, remain locked onchain until Phase 1.5 of the Ethereum network upgrade is completed. ETH staking rewards reflected in your account prior to the completion of Phase 1.5 of the Ethereum network upgrade are an estimate based on a combination of reward rates and the period of time for which you've staked your ETH (minus any Coinbase fees). Rewards will be reflected in your account, but may not be actually accessible until the end of the lockup period.

(v) Slashing Penalties. Staking ETH means your staked assets can be subject to "slashing" by the Ethereum network if the transaction validator representing those assets incorrectly validates a transaction. Coinbase will use commercially reasonable efforts to protect against slashing incidents; however, in the event of slashing, Coinbase will replace your assets so long as such penalties are not a result of: (i) protocol-level failures caused by bugs, maintenance, upgrades, or general

failure; (ii) your acts or omissions; (iii) acts or omissions of any third party service provider; (iv) a force majeure event as defined in Section 9.6 of the User Agreement; (v) acts by a hacker or other malicious actor; or (vi) any other events outside of Coinbase's reasonable control.

(vi) Liquidity. Coinbase may offer you the ability to exchange or sell your staked ETH prior to the completion of Phase 1.5 of the Ethereum network upgrade. Coinbase does not guarantee that the offering of any such option will result in a successful exchange or sale, and Coinbase will not backstop or otherwise intervene to guarantee liquidity. In the event that you take advantage of any offered ability to exchange or sell your staked ETH, Coinbase does not guarantee the value of your ETH principal or related rewards. Accessing your locked ETH may result in a loss of any rewards accrued until that point. Coinbase is not responsible for any decrease in the value of your staked ETH principal or any rewards associated with allowing you the ability to exchange or sell your staked ETH.

XVII. 4. Advanced Trading

Coinbase offers, and eligible users may access, an order book for various Digital Asset and Fiat Currency trading pairs (each an "**Order Book**") on the Coinbase Site ("**Advanced Trading**"). See your Coinbase Account to see what Order Books are available within Advanced Trading. Coinbase does not offer Advanced Trading to customers in all jurisdictions. By accessing Advanced Trading or the Coinbase API for Advanced Trading, you accept and agree to be bound by the Trading Rules.

1.1. Trading Fees. By placing an order on Advanced Trading, you agree to pay all applicable fees and authorize Coinbase to automatically deduct fees directly from your account. Trading Fees are set forth in the Trading Rules and are available at https://www.coinbase.com/legal/trading_rules.

1.2. Withdrawal Fees. Coinbase may charge a fee on certain Fiat Currency deposit or withdrawal methods (e.g. bank wire). **DEPOSITS AND WITHDRAWALS MAY BE SUBJECT TO LIMITS.**

1.3. Trading Account Use. You may not sell, lease, furnish, or otherwise permit or provide access to your Trading Account to any other entity or to any individual that is not your employee or agent. You accept full responsibility for your employees' or agents' use of Advanced Trading, whether such use is directly through Coinbase or by other means, such as those facilitated through API keys, and/or applications which you may authorize. You understand and agree that you are responsible for any and all orders, trades, and other instructions entered into Advanced Trading including identifiers, permissions, passwords, and security codes associated with your Account.

1.4. Suspension and Cancellation. In the event that your Account is suspended or terminated, we will immediately cancel all open orders associated with your Account, block all withdrawals and bar the placing of further orders until resolution or Account cancellation.

XVIII. ~~XVI. Appendix 6.5. Coinbase One Subscription~~

~~The following Coinbase One Subscription Terms and Conditions are to be read in conjunction with the Coinbase User Agreement.~~

1. Coinbase One Subscription. Eligible Users may sign up for Coinbase One which is an automatically renewing subscription requiring recurring payments. A Coinbase One subscription grants you the benefits of: a) a waiver of Coinbase fees for buying, selling, and converting digital ~~currencies~~assets on the Coinbase platform (which does *not* include Coinbase Pro's order matching platform), provided that a spread in the price is still included in all buys, sells, and conversion of digital ~~currencies~~assets on the Coinbase trading platform (~~learn more about fees here~~learn more about fees here); b) a dedicated customer support line available 24 hours a day, 7 days a week, 365 days a year; and c) Coinbase Account Protection as detailed in paragraph 3 below. Coinbase may modify or suspend this program at any time upon notice.

2. Subscription Fees and Billing. We will bill you in advance for your subscription. We will deduct the subscription fee at the start of your subscription and on an on-going basis the day immediately following the end of your prior subscription billing period unless and until you cancel your subscription, your account is otherwise suspended or terminated pursuant to the Agreement, or Coinbase One is suspended or terminated. The monthly subscription billing period is thirty (30) days from the date the subscription fee is paid.

2.1. By choosing your bank account as your payment method, you authorize us to deduct the subscription fee from your designated bank account, including applicable taxes in U.S. dollars. You further agree that: (a) you have read, understand and agree to the terms in this Agreement, and that this Agreement constitutes a "writing signed by you" under any applicable law or regulation; (b) you consent to the electronic delivery of the disclosures contained in this Agreement; (c) you authorize us to make any inquiries we consider necessary to validate any dispute involving your payment, and (d) you authorize us to initiate one or more ACH debit entries (withdrawals), and you authorize the financial institution that holds your bank account to deduct such payments, in the amounts and frequency designated in your then-current subscription payment plan.

2.2. By choosing your USD wallet in your Coinbase Account as your payment method, you authorize us to deduct the subscription fee from your USD wallet, including applicable taxes in U.S. dollars.

If your bank account or Coinbase USD wallet does not have sufficient funds to cover your subscription payment, we will provide you with a 3-day grace period to add sufficient funds and make payment before we terminate your subscription.

If you sign up for an annual plan, we will notify you of the renewal date via e-mail thirty (30) days prior to the date of renewal.

We reserve the right to change the terms of your subscription, including the fees, from time to time, effective as of the beginning of your next billing period following the date of the change. We will give you advance notice of any increased fees, increased liability, fewer types of available transfers, or stricter limitations on the frequency or dollar amount of transfers regarding your Coinbase One subscription at least twenty one (21) days before the effective date of such change. We will give you advance notice of any change in the payment amount from the previous

payment, and the date of the next payment, at least ten (10) calendar days in advance of the next payment by e-mail to your primary e-mail address saved in your Coinbase Account. If you do not wish to accept a change to the price of your subscription, you may cancel your subscription as described in paragraph 4 below.

3. Coinbase Account Protection. With an active Coinbase One subscription, you may be eligible to receive a one-time reimbursement ~~for~~of up to \$1,000,000 (U.S. Dollars) of actual losses (or the U.S. Dollar equivalent thereof, in the case such losses were in the form of Digital ~~Currency~~Assets) that you sustain due to a compromise of your Coinbase Account login credentials resulting from a vulnerability or other deficiency in Coinbase's systems and/or security protocols (the "**Coinbase Account Protection**"). The Coinbase Account Protection is subject to the terms and conditions set forth in this ~~[Paragraph 3]~~ (the "**Coinbase Account Protection Warranty Terms**"), which apply in addition to the terms of the Agreement and any other terms and policies set forth on the Coinbase Site.

3.1. Eligibility. In order to be eligible to receive reimbursement under the Coinbase Account Protection, you must satisfy the following conditions:

3.1.1. You must have an active Coinbase One subscription at the time the losses for which you are submitting a request for reimbursement under the Coinbase Account Protection (the "**Reimbursable Losses**") were sustained;

3.1.2. Your Coinbase Account must have been open for at least thirty (30) calendar days prior to the date on which you sustained the Reimbursable Losses;

3.1.3. You must have successfully completed all steps in the ~~photo identity verification process~~ photo identity verification process prior to the date on which you sustained the Reimbursable Losses;

3.1.4. 2-factor authentication with either an authenticator application (e.g., Duo or Google Authenticator), security key (e.g., Yubikey) or push notification through the Coinbase mobile application must have been enabled on your Coinbase Account at the time you sustained the Reimbursable Losses. **2-factor authentication via SMS is not sufficient to be eligible for coverage under the Coinbase Account Protection;**

3.1.5. You must file your request for reimbursement of Reimbursable Losses with Coinbase within ninety (90) days of the date on which you sustained the Reimbursable Losses;

3.1.6. You must promptly file a police report with your local police department in connection with the Reimbursable Losses, and provide a copy of such report to Coinbase;

3.1.7. You must not have previously received a reimbursement for losses under the Coinbase Account Protection;

3.1.8. Your Coinbase Account must be in good standing;

3.1.9. You will not be eligible for reimbursement under the Coinbase Account Protection if you previously falsely reported to Coinbase that your Coinbase Account had been compromised; and

3.1.10. You will not be eligible for reimbursement under the Coinbase Account Protection if you engage in unreasonable, offensive or dishonest behavior in

communicating with Coinbase about a request you've made for reimbursement under the Coinbase Account Protection (e.g., contacting Coinbase employees outside of official customer support channels, or using abusive language when communicating with Coinbase employees).

3.2. What is not covered.

3.2.1. The Coinbase Account Protection does not cover reimbursement for any loss of funds held outside of your Coinbase Account, including without limitation in Coinbase Custody, Coinbase Wallet, or non-custodial wallets connected to Coinbase Commerce.

3.2.2. The Coinbase Account Protection does not cover reimbursement of funds that you voluntarily sent to a third party in connection with an investment scam or otherwise, or if you mistakenly bought Digital ~~Currency~~Assets or sent Digital ~~Currency~~Assets to the wrong addressee.

3.2.3. The Coinbase Account Protection does not cover reimbursement for any losses that you sustain as the result of your knowingly and voluntarily participating in fraudulent activity.

3.2.4. The Coinbase Account Protection does not cover reimbursement for any losses that were the result of a security vulnerability or other technical reason, or due to a deficiency in your computer, mobile device or security key.

3.2.5. The Coinbase Account Protection does not cover reimbursement for any losses that were the result of an event or action that you were aware could result in compromise of your account security, if you failed to promptly notify Coinbase of such occurrence in accordance with Section ~~6.25.2~~ (Security Breach) of the Agreement. Examples of such occurrences include, without limitation, if you lose your security key or API key, if you grant a third party remote access to your account, or if you provide your Coinbase Account login credentials and/or 2-factor authentication codes to a third party.

3.2.6. You agree that any amounts payable to you under the Coinbase Account Protection will be reduced by any amounts you are able to recover or have already recovered for the applicable Reimbursable Losses from a source other than the Coinbase Account Protection, including without limitation, any amounts received under an insurance policy, warranty, guarantee or indemnity.

3.3. Process for requesting reimbursement. In order to request reimbursement under the Coinbase Account Protection, please contact us via the ~~Coinbase Help Center~~Coinbase Help Center to lock your Coinbase Account and report that someone gained unauthorized access to your Coinbase account and withdrew your funds without your permission. After you've provided sufficient details about the incident ~~(including the police report referenced in Section 3.1.6 above, along with your name, a reasonably detailed description about what happened, and your customer support ticket)~~, Coinbase will investigate your case and determine whether you are eligible to receive reimbursement of up to \$1,000,000 (U.S. Dollars) (or the U.S. Dollar equivalent of Digital ~~Currency~~Assets, as the case may be) in Reimbursable Losses under the Coinbase Account Protection. If Coinbase determines that you are eligible for reimbursement under the Coinbase Account

Protection, Coinbase will provide you with a one-time payment equal to the lesser of (i) the actual amount of funds or Digital ~~Currency~~Assets, as the case may be, that were improperly removed from your Coinbase Account as a result of the compromise of your Coinbase Account login credentials as a result of a vulnerability or other deficiency in Coinbase's systems and/or security protocols; and (ii) \$1,000,000 (U.S. Dollars) (or the U.S. Dollar equivalent of Digital ~~Currency~~Assets, as the case may be). If your Reimbursable Losses are in the form of Digital ~~Currency~~Assets, the foregoing limit will be calculated based on the U.S. Dollar value of the applicable Digital ~~Currency~~Asset as of the date and time at which Coinbase approves your reimbursement request under the Coinbase Account Protection. You will be required to provide reasonable cooperation to Coinbase in connection with our investigation of your case, and you must not take any actions that interfere with or otherwise impede our investigation. Eligibility, determination of the amount of any Reimbursable Losses, and any interpretation of these Coinbase Account Protection Warranty Terms will be determined by Coinbase in its sole discretion. Coinbase may condition reimbursement under the Coinbase Account Protection on execution of a definitive settlement agreement, including a release of claims against Coinbase, its officers, directors, employees, contractors, agents, and affiliates and any other applicable parties and an obligation to keep confidential the reimbursement amount and circumstances. Coinbase reserves the right to subrogate against any person or entity with respect to your claim for Reimbursable Losses. You hereby agree that in connection with any reimbursement made under the Coinbase Account Protection, you will cooperate fully with Coinbase in its efforts at subrogation.

3.4. Other terms. In the event of a conflict between these Coinbase Account Protection Warranty Terms and anything else in the Agreement, these Coinbase Account Protection Warranty Terms will govern. Notwithstanding the foregoing, you are still primarily responsible for ensuring the security of your Coinbase Account, and if you suspect that you have been the victim of a Security Breach, you must notify Coinbase Support as soon as possible in accordance with Section ~~6.2~~5.2 of the Agreement. **The Coinbase Account Protection is not an insurance policy. To the extent you require protection beyond the Coinbase Account Protection, we strongly encourage you to purchase an insurance policy or other protection that provides coverage for unforeseen events that may result in the loss of funds held in your Coinbase Account.**

3.5. Amendment; Termination. Except as prohibited by law, Coinbase may terminate the Coinbase Account Protection at any time, and such termination will apply to incidents occurring after the effective date of the termination. In addition, except in the case of a suit filed to enforce these Coinbase Account Protection Warranty Terms, you acknowledge and agree that no benefits will be made available to you under the Coinbase Account Protection in the event you initiate any action, suit or claim against Coinbase, or its officers, directors, employees, contractors, agents, or affiliates, concerning a claim otherwise subject to reimbursement under these Coinbase Account Protection Warranty Terms.

3.6. No Waiver. Coinbase's failure to enforce any right or provision of these Coinbase Account Protection Warranty Terms will not constitute a waiver of future enforcement of that right or provision. The waiver of any such right or provision will be effective only if in writing and signed by a duly authorized representative of Coinbase.

3.7. Disclaimers, Limitation of Liability, Arbitration. You acknowledge and agree that any claims arising from or in relation to the Coinbase Account Protection or these Coinbase Account Protection Warranty Terms are subject to the Agreement, including the No Warranty disclaimer and (except for Coinbase's obligation to pay amounts pursuant to an approved reimbursement request made under the Coinbase Account Protection) the ~~Limitations~~Limitation of Liability set forth in Section ~~9.38.2~~ of the Agreement. You further acknowledge and agree that any dispute or claim relating in any way to the Coinbase Account Protection will be adjudicated in accordance with ~~Section 8~~the Arbitration Agreement set forth in Appendix 5 of the Agreement.

4. Cancellation. You can cancel your subscription at any time through your account settings and clicking "subscription management" ~~using a web browser or in the app~~. If you cancel your subscription, the cancellation will go into effect at the end of your current subscription period. You will have continued access to your subscription for the remainder of your paid subscription period. You must cancel your subscription ~~{at least one (1) day}~~ before it renews to avoid paying the subscription fees for the next subscription period. If you cancel, modify your subscription, or if your account is otherwise terminated under this Agreement, you will not receive a credit, including for partially used periods of the subscription service.

5. No Transfer or Assignments & Cancellations by Coinbase. Your Coinbase One subscription cannot be transferred or assigned. Coinbase reserves the right to accept, refuse, suspend, or cancel your subscription at any time in its sole discretion. If Coinbase cancels your subscription, you will receive a refund of your subscription fee on a pro rata basis calculated from the end of the month during which your subscription was ~~canceled~~canceled, unless Coinbase terminates your account or your subscription because it determines, in its sole discretion, that your actions or your use of the Services violates the Agreement or has harmed another User.

6. Acknowledgement of Risk. By signing up for Coinbase One, you understand that Coinbase is not making a recommendation to make a specific investment, trade, or to use any specific investment strategy. Coinbase does not provide any investment, legal, or tax advice.

~~XVII. Part 2. COINBASE PRO~~

XIX. 6. Direct Deposit

1. Direct Deposit. If you are eligible for our Direct Deposit feature ("**Direct Deposit**"), and we have verified your required identifying information, you may arrange to have all or part of your paycheck or any eligible federal or state government benefit or payment (e.g., federal or state tax refunds or Social Security

payments) transferred into your Coinbase Account by your employer or government payer, as applicable. You may select whether you want such funds to be transferred into your Coinbase Account as U.S. Dollars or a Digital Asset available for Direct Deposit. Not all Digital Assets may be available for Direct Deposit.

2. Direct Deposit Enrollment. You can enroll by using our automated feature which links directly to your payroll provider or you can provide your employer, payroll provider or the government payer with the account and routing numbers we provide to you. We will also provide you with a direct deposit form that you may give to your employer via PDF file that can be saved or emailed to your personal email address or your human resources or payroll department. The account and routing numbers we provide to you do not represent a bank account on your behalf. Upon enrollment, you must select the amount of your paycheck you would like deposited to your Coinbase Account and select the Digital Asset you would like the amount deposited or converted to. We do not charge any fees to set up or maintain Direct Deposit and we will waive the Coinbase trading fee but will include a spread to exchange your Direct Deposit funds to a Digital Asset (see pricing and fee disclosures for more information). You are responsible for any fees associated with subsequent conversion or transfer of Digital Assets.

3. Coinbase Card. In order to utilize Direct Deposit, you must have a Coinbase Card. The Coinbase Card is governed by the Cardholder Agreement with MetaBank and this User Agreement (see Section 1 of this Appendix for Coinbase Card Terms which details how to use the Coinbase Card and the fees that apply for USD and Digital Currency transactions). If you do not already have a Coinbase Card, as part of the Direct Deposit application and enrollment process, you will automatically be considered for, and if approved, granted a Coinbase Card at no cost to you. The Coinbase Card is a debit card linked to your Digital Currency Wallet and USD Wallet.

4. Transfer Limits. You may not deposit more than \$25,000 per day using Direct Deposit. We reserve the right to accept, reject or limit transfers via Direct Deposit in our and MetaBank's sole discretion.

5. Funds Availability and Conversion. Funds added to your account via Direct Deposit are transferred to and held by MetaBank. The availability of your Direct Deposit funds is subject to the timing of your payer's funding processes. Funds transferred via Direct Deposit will typically be available 3-5 business days (excluding Federal holidays) from the day your payer initiated the deposit. Because we do not receive funds via Direct Deposit instantly, there will be some delay between the payment being initiated by the payer and the payment arriving in your Coinbase Account. There may also be a delay depending on the third party payroll provider. If you elect to receive your Direct Deposit funds in the form of a Digital Asset, then upon confirmation from MetaBank that your funds have arrived, we will convert your funds from USD to your selected Digital Asset at the Exchange Rate at the time of such conversion and deposit into your Coinbase Account. You understand that your acquired Digital Assets are exposed to exchange rate risk

such that your Digital Asset holdings may either appreciate or depreciate in value relative to USD.

6. Cancellation of Direct Deposit. If you wish to cancel Direct Deposits, change your deposit allocation to 0% within your Coinbase Account management settings.

7. Transaction History. You may review your transaction history on the Coinbase Site to verify that each Direct Deposit has been received.

8. Personal Information. If you enroll in Direct Deposit, you will be required to provide certain personal information. You agree that we may share personal information you previously provided to us under our Privacy Policy to verify your identity or address, with MetaBank, and with service providers acting on our behalf or on MetaBank's behalf solely to verify your identity or address, and/or to manage risk as required under applicable law. Personal information shared with MetaBank will be treated in accordance with its Privacy Policy. Personal information that you direct us to share with a third-party for purposes of obtaining certain functionality in Direct Deposit will be treated in accordance with the third-party's privacy policy, and Coinbase is not liable for any damages, losses, or liability associated with the third-party's services or use, transfer, or storage of your personal information. If you do not provide this information, or if MetaBank is unable to verify your identity or address with the information provided by Coinbase, you may not be enrolled in Direct Deposit.

9. Termination. We reserve the right to refuse to facilitate the processing of your application through MetaBank or terminate your access to Direct Deposit for any reason.

10. Representations and Warranties. In order to assist in the prevention of fraud you represent and warrant the following in connection with your Direct Deposit:

10.1. In connection with tax refunds (i) the name and Social Security Number associated with each refund payment will match the name and Social Security Number associated with your Coinbase Account; and (ii) in the case of joint tax returns, the name of the first person listed in the tax return and their Social Security Number associated with the refund payment will match the name and Social Security Number of the Coinbase Account holder.

10.2. In connection with other federal payments, the name and Social Security Number associated with each payment will match the name or Social Security Number associated with your Coinbase Account.

3.2. Suspension and Cancellation. ~~We may suspend your Coinbase Pro Account or your access to any one for more Order Books in accordance with the User~~

~~Agreement Account suspension and termination provisions. ~~**3.3. No Warranty.** We do not represent that Coinbase Pro and/or its constituent Coinbase Pro Accounts, APIs, and related services, will be available without interruption. Although we will strive to provide you with continuous operations, we do not guarantee continuous access or that there will be no delays, failures, errors, omissions or loss of transmitted information, nor do we guarantee that any order will be executed, accepted, recorded, or remain open. Coinbase reserves the right to cancel any open trades and/or suspend Coinbase Pro activity in accordance with the Trading Rules.~~

~~**3.4. No Investment Advice or Brokerage.** For the avoidance of doubt, Coinbase does not provide investment, tax, or legal advice, nor does Coinbase broker trades on your behalf. All Coinbase Pro trades are executed automatically, based on the parameters of your order instructions and in accordance with posted Trade execution procedures, and you are solely responsible for determining whether any investment, investment strategy or related transaction is appropriate for you based on your personal investment objectives, financial circumstances and risk tolerance. You should consult your legal or tax professional regarding your specific situation.~~

~~**3.5. XXI. APPENDIX 5: ARBITRATION AGREEMENT

1.1. Applicability of Arbitration Agreement. Subject to the terms of this Arbitration Agreement, you and Coinbase agree that any dispute, claim, disagreements arising out of or relating in any way to your access to or use of the Services or of the Coinbase Site, any Communications you receive, any products sold or distributed through the Coinbase Site, the Services, or the User Agreement and prior versions of the User Agreement, including claims and disputes that arose between us before the effective date of these Terms (each, a “**Dispute**”) will be resolved by binding arbitration, rather than in court, except that: (1) you and Coinbase may assert claims or seek relief in small claims court if such claims qualify and remain in small claims court; and (2) you or Coinbase may seek equitable relief in court for infringement or other misuse of intellectual property rights (such as trademarks, trade dress, domain names, trade secrets, copyrights, and patents). For purposes of this Arbitration Agreement, “Dispute” will also include disputes that arose or involve facts occurring before the existence of this or any prior versions of the User Agreement as well as claims that may arise after the termination of this User Agreement.

1.2. Waiver of Jury Trial. YOU AND COINBASE HEREBY WAIVE ANY CONSTITUTIONAL AND STATUTORY RIGHTS TO SUE IN COURT AND HAVE A TRIAL IN FRONT OF A JUDGE OR A JURY. You and Coinbase are instead electing that all Disputes shall be resolved by arbitration under this Arbitration Agreement, except as specified in the subsection entitled “Applicability of Arbitration Agreement” above. There is no judge or jury in arbitration, and court review of an arbitration award is subject to very limited review.

1.3. Waiver of Class and Other Non-Individualized Relief. YOU AND COINBASE AGREE THAT, EXCEPT AS SPECIFIED IN SUBSECTION 1.8, EACH OF US MAY BRING CLAIMS AGAINST THE OTHER ONLY ON AN INDIVIDUAL BASIS AND NOT ON A CLASS, REPRESENTATIVE, OR COLLECTIVE BASIS, AND THE PARTIES HEREBY WAIVE ALL RIGHTS TO HAVE ANY DISPUTE BE BROUGHT, HEARD, ADMINISTERED, RESOLVED, OR ARBITRATED ON A CLASS, COLLECTIVE, REPRESENTATIVE, OR MASS ACTION BASIS. ONLY INDIVIDUAL RELIEF IS AVAILABLE, AND DISPUTES OF MORE THAN ONE CUSTOMER OR USER CANNOT BE ARBITRATED OR CONSOLIDATED WITH THOSE OF ANY OTHER CUSTOMER OR USER. Subject to this Arbitration Agreement, the arbitrator may award declaratory or injunctive relief only in favor of the individual party seeking relief and only to the extent necessary to provide relief warranted by the party's individual claim. Nothing in this paragraph is intended to, nor shall it, affect the terms and conditions under the subsection 1.8 entitled “Batch Arbitration.” Notwithstanding anything to the contrary in this Arbitration Agreement, if a court decides by means of a final decision, not subject to any further appeal or recourse, that the limitations of this subsection, “Waiver of Class and Other Non-Individualized Relief,” are invalid or unenforceable as to a particular claim or request for relief (such as a request for public injunctive relief), you and Coinbase agree that that particular claim or request for relief (and only that particular claim or request for relief) shall be severed from the arbitration and may be litigated in the state or federal courts located in the State of California. All other Disputes shall be arbitrated or litigated in small claims court. This subsection does not prevent you or Coinbase from participating in a class-wide settlement of claims.

1.4. Rules and Forum. The User Agreement evidences a transaction involving interstate commerce; and notwithstanding any other provision herein with respect to the applicable substantive law, the Federal Arbitration Act, 9 U.S.C. § 1 *et seq.*, will govern the interpretation and enforcement of this Arbitration Agreement and any arbitration proceedings. If the Formal Complaint Process described in Section 7.2 above does not resolve satisfactorily within forty-five (45) business days after receipt of your complaint form, you and Coinbase agree that either party shall have the right to finally resolve the Dispute through binding arbitration. The arbitration will be administered by the American Arbitration Association (“AAA”), in accordance with the Consumer Arbitration Rules (the “AAA Rules”) then in effect, except as modified by this section of this Arbitration Agreement. The AAA Rules

are currently available
at <https://www.adr.org/sites/default/files/Consumer%20Rules.pdf>.

A party who wishes to initiate arbitration must provide the other party with a request for arbitration (the “Request”). If you initiate the arbitration, you must provide Coinbase a copy of your Request by email at arbitration@coinbase.com or through Coinbase’s registered agent for service of process. The Request must include: (1) the name, telephone number, mailing address, email address of the party seeking arbitration, and the email addresses associated with the applicable Coinbase Account(s); (2) a statement of the legal claims being asserted and the factual bases of those claims; (3) a description of the remedy sought, including an accurate, good faith calculation of the amount in controversy in United States Dollars; (4) a statement certifying completion of the Formal Complaint Process as described above in Section 7.2 (if you are the party making the Request); and (5) evidence that the requesting party has paid any necessary filing fees in connection with such arbitration.

If the party requesting arbitration is represented by counsel, the Request shall also include counsel’s name, telephone number, mailing address, and email address. Such counsel must also sign the Request. By signing the Request, counsel certifies to the best of counsel’s knowledge, information, and belief, formed after an inquiry reasonable under the circumstances, that: (1) the Request is not being presented for any improper purpose, such as to harass, cause unnecessary delay, or needlessly increase the cost of dispute resolution; (2) the claims, defenses and other legal contentions are warranted by existing law or by a nonfrivolous argument for extending, modifying, or reversing existing law or for establishing new law; and (3) the factual and damages contentions have evidentiary support or, if specifically so identified, will likely have evidentiary support after a reasonable opportunity for further investigation or discovery.

Unless you and Coinbase otherwise agree, or the Batch Arbitration process discussed in subsection 1.8 is triggered, the arbitration will be conducted in the county where you reside. Disputes involving claims, counterclaims, or requests for relief under \$25,000, not inclusive of attorneys’ fees and interest, will be conducted solely on the basis of documents you and Coinbase submit to the arbitrator. If your claim exceeds \$25,000, your right to a hearing will be determined by the AAA Rules. Subject to the AAA Rules, the arbitrator may direct a limited and reasonable exchange of information between the parties, consistent with the expedited nature of the arbitration. In any case, you and Coinbase agree that we will not request more than three depositions per side in each arbitration or Batch Arbitration proceeding. If the AAA is not available to arbitrate, the parties will select an alternative arbitral forum. Your responsibility to pay any AAA fees and costs will be solely as set forth in the applicable AAA Rules.

You and Coinbase agree that all materials and documents exchanged during the arbitration proceedings shall be kept confidential and shall not be shared with anyone except the parties’ attorneys, accountants, or business advisors, and then

subject to the condition that they agree to keep all materials and documents exchanged during the arbitration proceedings confidential.

1.5. Arbitrator. The arbitrator will be either a retired judge or an attorney licensed to practice law in the state of California and will be selected by the parties from the AAA's roster of consumer dispute arbitrators. If the parties are unable to agree upon an arbitrator within thirty-five (35) business days of delivery of the Request, then the AAA will appoint the arbitrator in accordance with the AAA Rules, provided that if the Batch Arbitration process under subsection 1.8 is triggered, the AAA will appoint the arbitrator for each batch.

1.6. Authority of Arbitrator. The arbitrator shall have exclusive authority to resolve any Dispute, including, without limitation, disputes arising out of or related to the interpretation or application of the Arbitration Agreement, including the enforceability, revocability, scope, or validity of the Arbitration Agreement or any portion of the Arbitration Agreement, except for the following: (1) all Disputes arising out of or relating to the Section entitled "Waiver of Class and Other Non-Individualized Relief," including any claim that all or part of the Section entitled "Waiver of Class and Other Non-Individualized Relief" is unenforceable, illegal, void or voidable, or that such Section entitled "Waiver of Class and Other Non-Individualized Relief" has been breached, shall be decided by a court of competent jurisdiction and not by an arbitrator; (2) except as expressly contemplated in the subsection entitled "Batch Arbitration," all Disputes about the payment of arbitration fees shall be decided only by a court of competent jurisdiction and not by an arbitrator; (3) all Disputes about whether either party has satisfied any condition precedent to arbitration shall be decided only by a court of competent jurisdiction and not by an arbitrator; and (4) all Disputes about which version of the Arbitration Agreement applies shall be decided only by a court of competent jurisdiction and not by an arbitrator. The arbitration proceeding will not be consolidated with any other matters or joined with any other cases or parties, except as expressly provided in the subsection entitled "Batch Arbitration." The arbitrator shall have the authority to grant motions dispositive of all or part of any Dispute. The arbitrator shall issue a written award and statement of decision describing the essential findings and conclusions on which the award is based, including the calculation of any damages awarded. The award of the arbitrator is final and binding upon you and us. Judgment on the arbitration award may be entered in any court having jurisdiction. In any award of damages, the arbitrator shall abide by the "Limitation of Liability" section of this User Agreement.

1.7. Attorneys' Fees and Costs. The parties shall bear their own attorneys' fees and costs in arbitration unless the arbitrator finds that either the substance of the Dispute or the relief sought in the Request was frivolous or was brought for an improper purpose (as measured by the standards set forth in Federal Rule of Civil Procedure 11(b)). If you or Coinbase need to invoke the authority of a court of competent jurisdiction to compel arbitration, then the party that obtains an order compelling arbitration in such action shall have the right to collect from the other party its reasonable costs, necessary disbursements, and reasonable attorneys' fees

incurred in securing an order compelling arbitration. The prevailing party in any court action relating to whether either party has satisfied any condition precedent to arbitration, including the Formal Complaint Process, is entitled to recover their reasonable costs, necessary disbursements, and reasonable attorneys' fees and costs.

1.8. Batch Arbitration. To increase the efficiency of administration and resolution of arbitrations, you and Coinbase agree that in the event that there are one hundred (100) or more individual Requests of a substantially similar nature filed against Coinbase by or with the assistance of the same law firm, group of law firms, or organizations, within a thirty (30) day period (or as soon as possible thereafter), the AAA shall (1) administer the arbitration demands in batches of 100 Requests per batch (plus, to the extent there are less than 100 Requests left over after the batching described above, a final batch consisting of the remaining Requests); (2) appoint one arbitrator for each batch; and (3) provide for the resolution of each batch as a single consolidated arbitration with one set of filing and administrative fees due per side per batch, one procedural calendar, one hearing (if any) in a place to be determined by the arbitrator, and one final award (“**Batch Arbitration**”).

All parties agree that Requests are of a “substantially similar nature” if they arise out of or relate to the same event or factual scenario and raise the same or similar legal issues and seek the same or similar relief. To the extent the parties disagree on the application of the Batch Arbitration process, the disagreeing party shall advise the AAA, and the AAA shall appoint a sole standing arbitrator to determine the applicability of the Batch Arbitration process (“**Administrative Arbitrator**”). In an effort to expedite resolution of any such dispute by the Administrative Arbitrator, the parties agree the Administrative Arbitrator may set forth such procedures as are necessary to resolve any disputes promptly. The Administrative Arbitrator's fees shall be paid by Coinbase.

You and Coinbase agree to cooperate in good faith with the AAA to implement the Batch Arbitration process including the payment of single filing and administrative fees for batches of Requests, as well as any steps to minimize the time and costs of arbitration, which may include: (1) the appointment of a discovery special master to assist the arbitrator in the resolution of discovery disputes; and (2) the adoption of an expedited calendar of the arbitration proceedings.

This Batch Arbitration provision shall in no way be interpreted as authorizing a class, collective and/or mass arbitration or action of any kind, or arbitration involving joint or consolidated claims under any circumstances, except as expressly set forth in this provision.

1.9. Modification. Notwithstanding any provision in this User Agreement to the contrary, we agree that if Coinbase makes any future material change to this Arbitration Agreement, it will notify you. Your continued use of the Coinbase Site and/or Services, including the acceptance of products and services offered on the Coinbase Site following the posting of changes to this Arbitration Agreement constitutes your acceptance of any such changes.
